

## Yearly Status Report - 2018-2019

Part A				
Data of the Institution				
1. Name of the Institution	SHAHIR ANNABHAU SATHE MAHAVIDYALAYA, MUKHED			
Name of the head of the Institution	Dr.Manohar Jalba Totare			
Designation	Principal(in-charge)			
Does the Institution function from own campus	Yes			
Phone no/Alternate Phone no.	02461299061			
Mobile no.	9823212146			
Registered Email	iqacsasmm@gmail.com			
Alternate Email	sascmkd@gmail.com			
Address	Narsi Road, Mukhed Tq.Mukhed Dist.Nanded			
City/Town	Mukhed			
State/UT	Maharashtra			
Pincode	431715			

2. Institutional Status			
Affiliated / Constituent	Affiliated		
Type of Institution	Co-education		
Location	Rural		
Financial Status	Self financed and grant-in-aid		
Name of the IQAC co-ordinator/Director	Dr.Kalyankar Sanjay Baburao		
Phone no/Alternate Phone no.	02461299061		
Mobile no.	9404644537		
Registered Email	kalyankar69@gmail.com		
Alternate Email	sascmkd@gmail.com		
3. Website Address			

Web-link of the AQAR: (Previous Academic Year)	<u>http://www.sasm.in/agar_17_18.html</u>
4. Whether Academic Calendar prepared during the year	Yes
if yes,whether it is uploaded in the institutional website: Weblink :	<u>http://www.sasm.in/academic calendar 20</u> <u>18-2019.html</u>

## 5. Accrediation Details

	Cycle	Grade	CGPA	Year of	Vali	dity
				Accrediation	Period From	Period To

Name of Statutory Body	Meeting Date	
The College Development Committee	24-Jul-2018	
15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ?	Yes	
Date of Visit	28-Feb-2005	
16. Whether institutional data submitted to AISHE:	Yes	

Year of Submission	2018
Date of Submission	26-Dec-2018
17. Does the Institution have Management Information System ?	Yes
If yes, give a brief descripiton and a list of modules currently operational (maximum 500 words)	Shahir Annabhau Sathe Mahavidyalaya has successfully implemented a Learning Management System (LMS) as a comprehensive platform to streamline various aspects of academic and administrative activities. The LMS serves as a centralized hub, offering tools and functionalities that significantly contribute to the efficient management of the educational ecosystem within the institution. One of the primary functions of the LMS is to monitor and record student attendance systematically. This feature not only aids in tracking students regularity but also provides valuable insights for educators and administrators to address attendancerelated concerns promptly. Moreover, the LMS facilitates the realtime updating of student performance data. Through this system, instructors can efficiently input grades, assessment results, and other relevant academic information, creating a digital repository of student progress. This not only enhances accuracy but also ensures that performance data is readily accessible for both educators and students. The LMS also incorporates a mentoring and counseling module, allowing for personalized guidance between mentors and mentees. This feature plays a crucial role in providing academic and emotional support to students, fostering a conducive learning environment. In addition, the LMS acts as a valuable tool for monitoring the progress of scheduled classes, helping administrators ensure that academic timelines are adhered to and facilitating seamless coordination between faculty members. It also streamlines various administrative tasks, contributing to overall operational efficiency. Another noteworthy aspect is the systems capability to communicate students

performance data to parents effectively. This ensures transparent and timely information sharing, fostering a collaborative relationship between the institution and parents in supporting the students educational journey. In summary, the implementation of the LMS at Shahir Annabhau Sathe Mahavidyalaya reflects a commitment to leveraging technology for enhancing educational management, promoting student success, and facilitating effective communication between stakeholders within the academic community. Library. Libman software is used in the library. Many teachers are conducting student's seminars, oral tests and group discussions. The faculty Development Training Program is also organized in the campus. Thus, LMS is used for maximum academic and other tasks of the college.

Part B

## **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Phule Samaj Sudharak Samiti's Shahir Annabhau Sathe Mahavidyalaya, Mukhed is affiliated to Swami Rananand Teerth Marathwada University, Nanded follows the syllabus prescribed by the university. The College prepares its academic calendar in line with the academic calendar issued by the university. The College Governing body along with IQAC plans the academic schedule. The academic schedule comprises of semester beginning, end of semester, internal examination, university examination, holidays, seminars, guest lectures, workshops and Timetables are prepared based on the subjects allotted to the faculties. Teaching plan: All the faculties maintain their individual academic dairy which includes time-table. The academic diary is updated by the respective faculty on daily basis and it is been monitored by principal. Teaching plan includes course content, reference books and gaps in the syllabus. The students are expected to achieve the course outcomes at the end of the semester. Teaching plan gives students an insight into the flow of topics that will be carried throughout the semester. Interaction Sessions: A degree of communication is required in every aspect, which makes learning easier, helps students achieve goals, increases opportunities for expanded learning strengthens the connection between student and teacher, and creates an overall positive experience. To promote this interaction, the following programs are conducted in the campus. Introduction of Program: Phule Samaj Sudharak Samiti's Shahir Annabhau Sathe Mahavidyalaya, Mukhed conducts Welcome program for all the students where students will have an opportunity to interact with faculty, administrative staff at the beginning of the semester. Mentoring: The college adopted Mentor-Mentee process to support the students in curricular, cocurricular, extra-curricular and personality development. Orientation Program: The oriented program is conducted for the students at the beginning of the college immediate after the completion of the admission

process to make them aware about the college and facilities available in the college for the students. They are orientated towards semester course work, workshops, guest Lectures in every semester to fill the gap between social and academics.

stakeholders, including st and then using this feedba	areas for imp on institution t. This proces udents, facult ck to make inf re taken for t	provement. An as is crucial as involves g ay, staff, an ormed decisi the feedback	alyzing and utilizing for their overall athering input from variou d external stakeholders, ons and drive positive collection in the college:

stakeholders, including students, faculty, staff, alumni, and external partners, to solicit feedback through surveys, focus groups, interviews, and suggestion boxes. 2. Diverse Data Sources: Collect feedback from a variety of sources, such as course evaluations, student performance data, alumni surveys, and accreditation reports, to ensure a comprehensive view. II. Feedback Analysis: 1. Data Aggregation: Compile and organize feedback data to identify trends, patterns, and common themes. 2. Quantitative and Qualitative Analysis: Employ both quantitative and qualitative analysis methods to extract actionable insights from the feedback. Use statistical tools for quantitative data and thematic analysis for qualitative data. 3. Benchmarking: Compare the institutions performance and feedback against industry benchmarks and peer institutions to identify relative strengths and weaknesses. III. Prioritization and Decision-Making: 1. Setting Priorities: Collaborate with relevant stakeholders to prioritize issues and opportunities based on their impact and alignment with the institutions mission and strategic goals. 2. Action Planning: Develop action plans that outline specific initiatives, goals, responsible parties, and timelines for addressing identified areas of improvement. IV. Implementation and Monitoring: 1. Resource Allocation: Allocate the necessary resources, including budget, personnel, and technology,

to support the implementation of action plans. 2. Continuous Feedback Loop: Establish mechanisms for ongoing monitoring and feedback collection to assess the effectiveness of implemented changes and make adjustments as needed. V. Evaluation and Accountability: 1. Performance Metrics: Define key performance indicators (KPIs) to measure progress toward institutional goals and regularly evaluate outcomes against these metrics. 2. Accountability Framework: Establish accountability structures that hold individuals and departments responsible for achieving the stated objectives and fostering a culture of continuous improvement. Suggestions from parents 1) Wi-Fi facility should be available free to the student in college campus. 2) Most of parents suggested that Canteen facility should be in the college premises. 3) RO drinking water should be provided to the students. Action Taken Report: we have taken meeting with principal on suggestions received from Students, parents and taken action on the recommendations by Principal. The details of the same is given below, 1) Decided to purchase more text books on syllabus and journals. 2) Renovation of college canteen. 3) WIFI facility will be provided free to students and college staff.

2.3.2 – Students me	entoring system ava	ailable in the institut	ion? Give details. (	maximum 500 word	ds)			

The college has student mentoring system at the institutional level. Mentors take initiatives to shape the character of the students by facilitating them to overcome various issues like academic, non-academic, emotional and minor financial problems. Most of the students taking admission in our institute are from rural background. Due to their socio-economic environment, these students face various problems. The mentors guide the students about their curricular and extra-curricular activities. The mentor regularly interacts with the students in attendance, punctuality and overall academic performance. Besides to the academic issues, personal problems are also solved according to the requirement, Mentors collect the personal information of their mentees and guide them on regular basis. They guide the students for their continuous academic progress, career achievements and improve their life skills. Mentees are always free to meet their respective mentors whenever they have any issue or problem. The slow and fast learners are identified through regular class test, seminars and oral questioners. The fast learners are motivated to undertake the projects, skill-based activities and in various competitions. The slow learners are given remedial teaching as per the requirement to set them in the line of fast learners. Mentor also advises relating to the selection of skill enhancement courses and career guidance. Mentor guide to the students during the semester and in preparation of project also. The faculty acts as a link between the student and the institution and guides the students through the three years of their study. Mentors co- ordinate with the parents regarding the progress of the students. Mentor also keeps the track of the mentee's performance through continuous interaction with the students. IQAC committee discusses the mentoring related issues and revises to upgrade the system and make it more functional in terms of monitoring and enhancing the quality of educational activities. The outcome of mentoring system is to create the student friendly environment in the Institution.

Number of students enrolled in the institution	Number of fulltime teachers	Mentor : Mentee Ratio
322	25	1:13

## 2.4 – Teacher Profile and Quality

<u>View Uploaded File</u>							

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Continuous assessment is the mandatory process of internal evaluation as per the new CBCS pattern for all Courses offered by the university. Continuous assessment helps in monitoring and improving the performance of Students. The reforms implemented in this process are 1. The University gives 20 percent weightage to CIE Process. 2. CIE is required for both theory and practical. 3. Internal evaluation includes: unit tests, home assignments, oral tests, slip tests, tutorials, field trips, projects and co-curricular activities like role play, quizzes and competitions on curricula and contribution to the subjectbased/ faculty-based wall papers. They are conducted during the semester before the end semester of university examination. Every faculty maintain a record of CIE. All test papers and tutorials are evaluated, discussed with the students for their queries and display mark list. Before commencement of end semester examination, internal mark lists are uploaded online on university portal. Students are given asses to previous year university examination question papers for the practice purpose for solving question papers. In terms of maintaining the standards of CIE due care is taken to enrich outcome, improvement and enrichment of the students. These reforms have results in improvement of the student's performance in case of different topics, improve time management, and enrich the writing skills. Finally, this leads to increase the academic performance of the students. Evaluation is done at regular intervals in the semester. It is found that the continuous internal evaluation makes the teaching-learning activity more vibrant. Though majority of the modes of the internal evaluation appear conventional, but the way of implementation every year accounts to reformation.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The university usually drafts the standard academic calendar which prescribes time-limits for the various activities: admission process, commencement of classes, schedule of terminal examinations, youth festival, tentative dates of convocation and vacations. It is mandatory to follow the academic calendar provided by the affiliating university at the beginning of the academic year. This college also designed its own academic calendar in line with the academic calendar provided by university. Academic calendar includes the details about the admission process for UG courses, details of term and end-semester examination dates and vacations, internal evaluation schedule, schedule of NSS camp, social annual gathering, research festivals and the celebration of anniversaries of national leaders and social reformers etc. This academic calendar brought to notice of students through the prospectus and notices. Academic diary maintained by each teacher has a record of lesson planning, completion of syllabus in time.

## 2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

http://www.sasm.in/course\_specific\_outcome\_2018-2019.html

2.6.2 - Pass percentage of students

Programme Code	Programme Name	Programme Specialization	Number of students appeared in the final year examination	Number of students passed in final year examination	Pass Percentage

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

1 Posters and banners are posted on the visible sites of the college campus. 2 Awareness Rally on plastic ban and save electricity and distribution cotton bag to students. 3 Banned Tobacco chewing and smoking in the campus stickers were pasted on visible sites of college. 4 Vermi compost of garden waste and training is provided to the farmers. 5 Drip irrigation for Botanical Garden. 6 Soil testing were done from various farmers lands. 7 The college has maintained the eco -friendly garden with some unique practices like water pots and bowls are kept for birds in Botanical Garden. 8. The Rain water harvesting - It has enabled rainwater harvesting system in the campus. Rain water collected from roof top of the building is used to recharge the borewell. 9 The college uses maximum LED bulbs. 10. Tree plantation on the occasion of "Shahir Annabhau Sathe Jayanti".

#### 7.2 – Best Practices

#### 7.2.1 - Describe at least two institutional best practices

Blood Donation and its merits In Rural area. Goals - The very objective of this practice is to be a part of social gesture through donating the blood which could save a life of victims under various serious diseases and accidents. It is work as good as devoting god and his men. The students and other people belong to rural area never understand the importance of blood donation. To make them aware the sacred task was carried out. The people from villages have many superstitions in their mind about the blood donation. To remove this superstitions the blood donation camp was organised in the rural village Chandola. The Contexts - As the college is situated in a hilly, and unfertile land where rural people live in numbers of the rural blood donation camp was decided to be held at a rural place. There is a huge gap between the people of rural areas and people of cities. To make these gaps deduct, this task was carried out. From the NSS department, the students of this departments decided to have such a camp in Chandola a near by village to the college and decided to aware the people of the rural areas about the benefits of the blood donation and its very reason. The students first visited door to door of this village and used their uttermost talent to make the villages understand the advantages of the blood donation. The fear of bloods donation was wiped away because of this camp. The student work was fantastic and brought a positive change in the minds of the villages. The Practice- After having done all the arrangement of crushing all the odds, the college being successful of organising a blood donation camp in the village of Chandola. Everything was well planned and it was seen a great response from the villages. The blood donation awareness was held between 09.01.2019 to 15.01.2019 which proved a glucose to the unaware villages of this villages. A massive support from the college and other well wishes was also a notable happening at this time. The door to door visit of the students resulted of bringing the villages forward for the donation of the blood various diseases can be controlled of this activity was also made known

to them. This blood donation camp in village not only effective in the village but on the nearby village also. That many other villages took in active part in this social gesture. 75 Doners from the village which is not an easy number to bring into true was seen under this rural blood donation camp. The effect of this camp was such an effect that it brought the presence of many digintaries from the city of Mukhed to this camp. It showed that the task having a social and awareness hope can do it effectively. The date 14.01.2019 has the witness itself that the doners, volunteer, students from the rural are a like Chandola donated their blood for the sake of saving many lives who needed blood at instant time. Evidence of Success - The college feels very proud of campaigning such an important camp of rural blood donation which was a unique one and motivational one even. The patients who could get the blood through this rural blood donation camp would be always praying thanks and requesting god for the better life of the doners, other people were also motivated of watching out such a work other institutes have sent their words of admiration to the college. Problems encountered and Resources required - Every task with an intention of social gesture must have problems. To run such a camp in rural area was not that much easy. To arrange, beds, medical staff and maintain it was very odd. To aware the villages was also one of the biggest problems. Door to door visits were also done. But at final moment all went well and this social gesture was a limelight task not only for the students but also for the college. Practice No.1 Blood Donation and its merits In Rural area. Goals - The very objective of this practice is to be a part of social gesture through donating the blood which could save a life of victims under various serious diseases and accidents. It is work as good as devoting god and his men. The students and other people belong to rural area never understand the importance of blood donation. But at final moment all went well and this social gesture was a limelight task not only for the students but also for the college. Practice 2. Workshop on Memory Growth methods and process. Goals - To recall the study without getting forgotten. To improve power of memory for long time. To improve memory and recalling power in the minds of students. The Contexts - As it has been observed that the students are taught in the class, college in an equal amount, still they got much difficulty of recalling and memorising the points and their study. Many times, they lose their memory power and face many obstacles. They are sharp, they are slow. Why this happen? Just because of the power of their memory. The Practice: - In the workshop, dated 27 Feb.2019 the students were taught the various, unique useful techniques for the growth of their memory. In this workshop, they were taught about short term memory, long term memory, suspense memory, permeant memory and many other different kinds of memories.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

#### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

1. Swimming Pool The Institute has taken the initiative of opening the swimming pool at Taluka level in Spite of lots of hurdles in the establishment of this Pool. The institution has kept the goal in mind to make aware about the benefits of Swimming as it is a complete exercise, to prepare a national level swimmer from the rural area. The college kept moving on working for the establishment of the swimming pool. The pool is constructed in an open area of 28066.6sqft which is situated in natural surroundings. As the swimmers can feel better than having the practice in a closed shaped swimming Pools. The college has given the facilities to the students to use it. The civilians can also use the swimming, Pool. As swimming is useful in many ways, it increases and boosts our immune system, gets our blood pumping, burn calories and improve our sex life. The large number of students get the use of this swimming pool. The college took some efforts in consideration about the safety of the students, as the water level of the well is not known to the students but the same is known to the students in the swimming pool. The wash rooms also have been built by

the college, so that the students might not get any difficulty while swimming. The citizens can also use the swimming pool as per their convenience. It is seen by the college that a good and healthy bond of communication has been developed between the college and the citizens. The college further decided to bring a perfect and skill full mentors to teach the students. The college has taken a core decision that the swimming pool should be connected with shower and soap, before entering the pool. This is the only swimming pool at taluka level, where you can find the parallel facilities which can be provided at district level. This college is the only college having the swimming pool at taluka level, it is one of the largest swimming pools measuring about 166'6 X71'0 Ft among the seven swimming pools in the district. 2. Indoor Hall Indoor sports Hall are universally useful space designed to accommodate a variety of sports that's why Institute has built the indoor hall. In order to create interest about the sports among the rural students. The main objective of this hall to enhance the fitness and encourage the students to actively participate in the sports game. Our college has developed the Indoorhall measuring 4784 Sqft. In which one gallery and two Badminton Court is developed with all facilities. The student can also enjoy playing the games like Chess, Badminton, Table Tennis and wrestling. It is one of the well furnish sports hall in this area. 3. Vermi Compost The institute has taken an initiative to create awareness about the use of organic farming among the farmers of this area. As a part of this our college runs the Vermi Compost plant. Our college is having a
